About me

Front-end web developer

Hello friends i am Srishti Yadav. i am Passionate about learning new skills in the IT industry, I am currently pursuing a Bachelor of Technology (B.Tech) in Information Technology. Skilled in frontend development, I have a strong ability to create engaging user interfaces. However, my ambition extends to mastering Data Structures and Algorithms (DSA) and eventually becoming proficient in full-stack development. With a proactive approach to learning and a determination to excel, I am committed to evolving into a versatile IT professional.

Skills , Technologies and Tools

Bachelor's

Dedicated and driven final-year B.Tech student with a major in Computer Science, eager to embark on a career as a Software Engineer. With a strong commitment to continuous learning and a passion for innovation,

Experience

Prodigy infotech

Frontend Web Dev Intern Prodigy Infotech, August 2024 - September 2024 As a frontend web dev intern at Prodigy Infotech, I gained hands-on experience by

JavaScript, mastering the art of building responsive and visually appealing web interfaces. Collaborating closely with senior developers, I learned best practices in code structuring, optimization, and cross-browser compatibility. The internship provided valuable lessons in communication, problem-solving, and adaptability within a dynamic team environment. Overall, it was a transformative experience that equipped me with the confidence and expertise to excel in frontend development.
